

Tempe Minority Populations 1990 - 2000

Note: Hispanic population
is included in all race
groupings

| | TEMPE 1990 | TEMPE 1995 | TEMPE 2000 |
|-------------|------------|------------|------------|
| Black | 4,542 | 5,281 | 5,801 |
| Am. Ind | 1,877 | 2,665 | 3,186 |
| Asian | 5,748 | 7,395 | 7,531 |
| Other | 6,489 | 13,035 | 13,464 |
| Hawaiian/PI | N/A | N/A | 455 |
| 2+ Races | N/A | N/A | 3,315 |

Minority Populations - The above chart shows the changes in Tempe's minority population over the 10 year period from 1990 to 2000. The majority White population is *not* included in above chart - it numbered 122,952 or 78% of the Tempe population in 2000.

IMPLICATIONS - Growing minority populations point to more need for human service programs that take into account language and cultural differences.

C. Tempe Population By Income Level

The chart on the right shows the population of Tempe by income level compared to the county as a whole in 2000. As can be seen, Tempe was relatively similar to the county population for all income levels.

Poverty—where are they? The three maps below show Tempe's population *Below Poverty*: all those in poverty are shown (21,918 individuals or 13.8% of the Tempe population). The other two maps show *Children <age 18* in poverty (4,402 individuals, 2.8% of the Tempe population and *age 65+* in poverty (558 individuals, 0.4% of the Tempe population).
